Tips & Hints on how to keep your function running smoothly & successfully

If you are catering for a large number of delegates, we ask that you try and organise a separate location close to where the conference is held so our staff can set up and refresh without interruption.

This menu is designed so you can order based on the number of people you are catering for.

We suggest you advise us of how many people you are catering for and we will work out the recommended quantities per item.

QUESTIONS:

Please do not hesitate to contact us with any questions you may have. We are here to help.
